HEARING

Case No. 105

Docket No. L-00000B-105

DOCKET NO.

L-00000B-00-0105

Jennifer Duffany, Intervenor, in the above-referenced case hereby requests that the Hearing scheduled for September 14, 2000 at 9:00 a.m. before the Corporation Commission's Line Siting Committee be continued.

I. Intervenor, Jennifer Duffany has requested certain documents and information that have not been furnished by Applicant, Salt River Project. Applicant intends to rely on said documents and information at the scheduled hearing.

II. Intervenor, Jennifer Duffany, has uncovered Applicant's need to submit for a modification of their current NPDES water permit. Upon Intervenor information and belief, a request to modify said permit has not been filed/applied for.

III. Applicant has not completed a full Environmental Impact Assessment or Statement. Said Assessment or Statement would supply the Line Siting Committee much of the information necessary to perform its role and rule accurately in this matter. Said Assessment or Statement is necessary for modifying the NPDES water permit.

IV. Applicant, Salt River Project, should not need more than One Hundred and Twenty (120) days to be prepared for hearing.

THEREFORE, Intervenor, Jennifer Duffany requests the following:

1. That for good cause showing, the hearing scheduled for September 14, 2000 at 9:00 a.m. before the Corporation Commission's Line Siting Committee be rescheduled for after January 14, 2001;
2. That said hearing be rescheduled for such a time as Applicant, Salt River Project, complies with the Request for Data and Information or until January 14, 2001;
3. That said hearing be rescheduled for such a time as Applicant, Salt River Project applies for the modification of their NPDES water permit or until January 14, 2001;
4. That said hearing be rescheduled for such a time as Applicant completes a full Environmental Impact Assessment/Statement or until January 14, 2001.
